

Learn more about certain rights and practices we describe in our Privacy Policy

Effective Date: October 1, 2019

Note: Collaborative Learning, LLC., data centers storing personal data are currently located in the US.

SECTION 6 – CLARE (PASSTHEARE.COM) DELETION PRACTICES

The following are Collaborative Learning, LLC., current practices regarding deletion of consumer account data.

- If your CLARE subscription lapses (you stop paying for it), we will keep your personal data for up to two years after the subscription term ends (subject to some exceptions set forth in the Collaborative Learning, LLC. Privacy Policy and potential sunseting of passtheare.com described below). If you decide to re-subscribe during this period your data is retained, you may be able to pick up where you left off and see your learning course viewing history (subject to potential sunseting of CLARE described below).
- If you choose to close your CLARE account (which is different than ending a subscription), we will delete your personal data after cancellation (subject to some exceptions set forth in the passtheare.com Privacy Policy), usually within sixty days.
- If (and when) we sunset passtheare.com, we plan to delete your learning history and other data for your privacy, and you will no longer have access to your learning history and other data once deleted. However, during the sunset process, your data may be retained beyond the standard periods to extend your access prior to deletion.

SECTION 8 – LAWFUL BASES FOR PROCESSING DATA

Where we process data based on consent, we will ask for your explicit consent. Where we rely on contract, we will ask that you agree to the processing of personal data that is necessary for entering into or the performance of your contract with us.

We may process your personal data for the purposes of our legitimate interests or for the legitimate interests of third parties (e.g., your employer or company), provided that such processing shall not outweigh your rights and freedoms. For example, we may process your personal data to:

- Protect you, us or others from threats (such as security threats or fraud);
- Comply with laws that apply to us;
- Enable or administer our business, such as for quality control, consolidated reporting, and customer service;
- Manage corporate transactions, such as mergers or acquisitions;
- Understand and improve our business or customer relationships generally.
- Notify you of changes in the Service.
